

Contribution Log – Sprint 1

Name: Ali Ossama El Khaled

Week 1 (Sept 11–17)

- Sept 12 (1.5 h): Attended first team meeting, contributed ideas for extra feature options and programming languages. Took notes during the discussion(can be found in the meeting minutes file).
- Sept 13 (2 h): Drafted and formatted Meeting Minute 1 based on notes. Made sure it matched the required template.
- Sept 15 (2 h): Brainstormed with team in chat about task breakdowns and separating frontend/backend responsibilities.
- Sept 16 (1.5 h): Started structuring README (Objective, Project Description)and wrote the first draft.
- Sept 16(1 h): Cleaned up and reformatted Meeting Minute 1 to ensure consistency with Meeting Minute 2 format.

Week 2 (Sept 18–24)

- Sept 18 (2h): Attended second team meeting, helped brainstorm tasks, extra features, and programming languages. Took meeting notes.
- Sept 18(2 h): Wrote Meeting Minute 2 in the correct template and uploaded final version.
- Sept 20 (2 h): Polished README draft to make it sound smoother and added features list and team info.
- Sept 20 (1 h): Cleaned up README formatting for GitHub (bullet points, spacing).
- Sept 23 (2 h): Read the user stories and decided on task to add with the team
- Sept 23 (1hr) : added the tasks to the issues and connected them to the appropriate user stories .
- Sept23 (1 h) added labels and numbers to the tasks
- Sept 24 (2 h): Final review of all Sprint 1 deliverables, made small edits to improve clarity.
