

## Contribution Log

Name: Ryan Batti

### Week 1 (Sept 11–17)

- Sept 12 (1.5 h): Attended first team meeting, contributed ideas for extra feature options and programming languages.
- Sept 15 (2 h): Brainstormed with team in chat about task breakdowns and separating frontend/backend responsibilities.

### Week 2 (Sept 18–24)

- Sept 18 (2 h): Attended second team meeting, helped brainstorm tasks, extra features, and programming languages.
- Sept 20 (2 h): Conducted research on frontend vs backend technologies.
- Sept 23 (2 h): Read the user stories and contributed to deciding on tasks with the team.
- Sept 23 (1 h): Added the tasks to the issues and connected them to the appropriate user stories.
- Sept 23 (1 h): Added labels and numbers to the tasks.
- Sept 24 (2 h): Final review of all Sprint 1 deliverables, made small edits to improve clarity.
