

Contribution Log – Sprint 1

Name: Nirthika Ilaiyarajah

Week 1 (Sept 11–17)

- Sept 12 (1h): Read through the project description to understand the scope and expectations.
- Sept 14 (1h): Looked into HTML and CSS basics to better understand the technologies being used.
- Sept 15 (1h): Learned GitHub basics through YouTube tutorials (repositories, commits, branches, pull requests).
- Sept 17 (1h): Practiced creating test repositories and commits on my own to get comfortable with the workflow

Week 2 (Sept 18–24)

- Sept 18 (2h): Attended the team meeting, discussed Sprint 1 tasks, and listened to planning decisions.
- Sept 20 (1h): Created *Sprint 1–4* folders in the repository, each with *MeetingLog* and *ContributionLog* folders.
- Sept 21 (4h): Participated in extended team discussions about file organization, explored GitHub features with peers, and reviewed Sprint 1 setup.

Total Estimated Time: 11 hours
