

Contribution Log – Sprint 2

Nirthika Ilaiyarajah

September 30th - October 11th

1. Read the Sprint 2 requirements to understand objectives and deliverables.
2. Watched YouTube tutorials and practiced HTML, CSS, and JavaScript.
3. Attended team meetings to review Sprint 2 planning and task assignments.
4. Attended front-end team meeting to plan organizer and student pages' layout and divide tasks.
5. Participated in a progress meeting to discuss implementation updates.
6. Worked on the organizer Event Creation Page (HTML, CSS, JS).
7. Created User Stories for Sprint 2 based on assigned front-end features.
8. Updated and refined the Event Creation Page files based on feedback and design improvements.
9. Worked on the student Search Events Page (HTML, CSS, JS).
