Contribution Log – Sprint 2

Name: Ali Ossama El Khaled

Week 1 (Sept 28–Oct 4)

• Sept 28 (1.5 h): Attended first team meeting, contributed ideas for how to separate roles for backend and frontend. Took notes during the discussion(can be found in the meeting minutes file).

• Sept 29 (1 h): Drafted idea for backend with teammates which I'll work with them ay.

• Sept 30 (2 h): Decided on taking the create event task and looked into how to do it and what way to work on it .

• Oct 1 (1 h): Started working on the backend part in the template with friends .

• Oct 2 (1 h): Wrote tasks and user stories to add for sprint 2 .

• Oct 3 (0.5h): Added assignees and labels and created milestone 3 .

Week 2 (Oct 4–12)

• Oct 4 (3h): Created the first backend template and tested that with random data.

• Oct 5 (1 h): tested with the first version of front end .

• Oct 8(1 h): Added the meeting minutes and did the tasks and user stories for sprint 3 with labels and assignees.

• Oct 9 (3 h): Created the final backend that align with our frontend and connected it and tested the data base.

• Oct 10 (1 h): tested the frontend with the cases and using the real data .

• Oct 11 (1hr) : Pushed and committed files and commented in pull request .

• Oct 12 (2 h): Final review of all Sprint 2 deliverables, made small edits to improve clarity.

Total Estimated Time

20 hours
